

Progress Report
Communications Task Force
March 14, 2016

The committee was assigned 3 tasks. The first was to address how to best implement the recommendations of the communications work group. The second was to attempt to determine the root cause for serial kerfuffles we have experienced over the years so that we might not experience another related recurrence. The third was to assist the board in selecting a facilitator who might assist us in dealing with the resolution of this long standing problem.

Committee members are Linda Fletcher, Donna Stein-Harris and interim board members John Hoffman and Loraine Anderson.

We have explored all three of these tasks in some depth. At this juncture we are in the process of verifying our data and formulating our report. It is anticipated that this final report will be available for presentation to the Board at the April meeting.
