

February MST report to the board

Following 2 intense weeks of interviewing, we narrowed our ample field of candidates down to a few semi-finalists. Now we are spending time digging deeper into references as we plan for second round, in-depth interviews. During Feb. and March, we will have opportunities to get to know the pre-candidates better and to present them with more information about UUCGT, our facilities, and our area. We are putting together presentations and virtual social times to take the place of in-person visits.

Our energy level may sometimes waver, but not our spirit and determination to get the job done! We appreciate your support.
